SPRINT 3 : DASHBOARD EXPLORATION AND CREATION

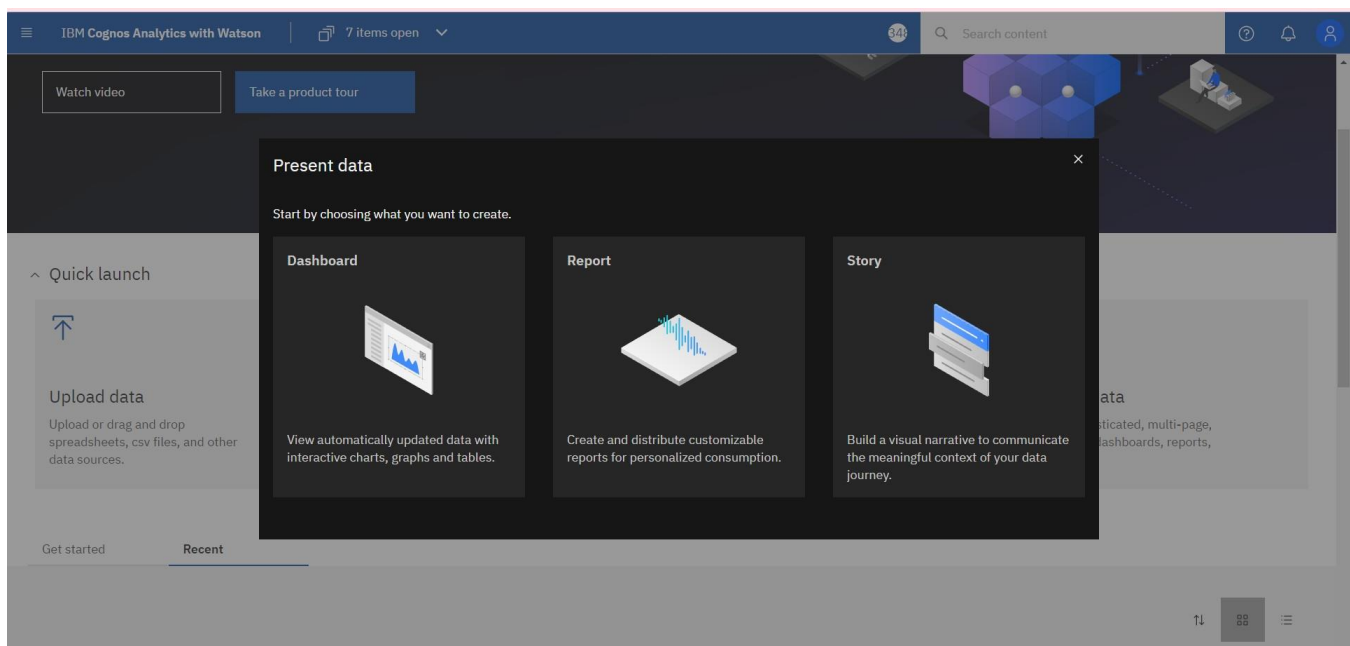

OPEN IBM COGNOS ANALYTICS :

The screenshot displays the IBM Cognos Analytics web application interface. At the top, a dark blue header bar contains the 'My IBM' logo, a 'Home' button, and a search bar. Below the header, a maintenance notification states: 'Maintenance: Scheduled maintenance completed. Click More Info for details and to subscribe to future events'. The main content area features a large hero section with a 'Watch video' button and a 'Take a product tour' button. To the right of the hero section is a user profile card for 'Sriram M (06484d28f4f2)' with a 'Log out' button. Below the hero section, a 'Quick launch' section provides four main workflow steps: 'Upload data' (with a description: 'Upload or drag and drop spreadsheets, csv files, and other data sources'), 'Prepare data' (with a description: 'Use data modules to clean and connect data from multiple resources.'), 'Exploration' (with a description: 'Quickly find unbiased answers by identifying trends in your data with c'), and 'Present data' (with a description: 'Create sophisticated, multi-page, multi-query dashboards, reports, or s'). At the bottom, a 'Get started' section includes links for 'How-to videos', 'Accelerator Catalog', and 'Learning resources'.
